How do I add Gifs on top of photo

With Lunapic's online photo editor, it's easy to add gifs onto a photo.

1. Go to <http://lunapic.com/> and Click "browse" and select the photo you want
2. Use the Menu on top to select [Edit -> Paste from Clipboard](#)
3. It will prompt you to upload a clipboard image. Select and upload your GIF
4. Continue on to place and resize the GIF
5. Click "save" below the image to save your complete work
