How do I add Gifs on top of photo

With Lunapic's online photo editor, it's easy to add gifs onto a photo.

- 1. Go to http://lunapic.com/ and Click "browse" and select the photo you want
- 2. Use the Menu on top to select <u>Edit -> Paste from Clipboard</u>
- 3. It will prompt you to upload a clipboard image. Select and upload your GIF
- 4. Continue on to place and resize the GIF
- 5. Click "save" below the image to save your complete work
