

Editing

How do I paste an Animated GIF on top of a Photo?

Lunapic.com offers great animated gif support in photo editing.

To Add an animated GIF to the top of a photo, use these steps:

- Upload your photo from the Homepage at <http://lunapic.com/>
- Once uploaded, proceed to the Effects Menu and select [Blend two images](#)
- Upload your Animated GIF and confirm.
- You'll then be given a screen to place / rotate and resize the pasted animated gif.
- Apply when done and use the Save or Share buttons below the image!
